

# Space hosts / Team Admins

All space hosts within [hub.transition-space.org](https://hub.transition-space.org) are automatically assigned the team admin role in Mattermost, empowering them to establish channels within their respective teams.

If you desire a Mattermost space to complement an existing [hub.transition-space.org](https://hub.transition-space.org) space, please submit your request to the [Platform Stewarding group](#).

As a Space host or Team admin in Mattermost, you have the authority to:

1. Create channels within your team.
2. Establish groups within your team.

If you need to remove an individual from a Mattermost team, the procedure is to remove them from the Humhub Space. This action will automatically delete their membership from the corresponding Mattermost team, ensuring seamless management of team memberships.

## **Adding people to the TNI team**

To do this you need to be an admin of <https://hub.transition-space.org/s/transition-network/>

Invite the user by email to sign up.

Once they have created a platform ID and signed in to the Humhub platform invite them to use this ID to sign into [mattermost.transition-space.org](https://mattermost.transition-space.org) and share the documentation with them:
