

Space hosts / Team Admins

All space hosts within hub.transition-space.org are automatically assigned the team admin role in Mattermost, empowering them to establish channels within their respective teams.

If you desire a Mattermost space to complement an existing hub.transition-space.org space, please submit your request to the [Platform Stewarding group](#).

As a Space host or Team admin in Mattermost, you have the authority to:

1. Create channels within your team.
2. Establish groups within your team.

If you need to remove an individual from a Mattermost team, the procedure is to remove them from the Humhub Space. This action will automatically delete their membership from the corresponding Mattermost team, ensuring seamless management of team memberships.

Adding people to the TNI team

To do this you need to be an admin of <https://hub.transition-space.org/s/transition-network/>

Invite the user by email to sign up.

Once they have created a platform ID and signed in to the Humhub platform invite them to use this ID to sign into mattermost.transition-space.org and share the documentation with them:
