Add New Trainer

New trainer applications are reviewed every six months <https://transitiongroups.org/add-trainer/>

Adding a healthcheck

Groups can do a self assessment process on the site called a healthcheck.

The submissions are shared with the appropriate hub.

Trainer Admin

New trainers submitted to the site are reviewed every six months by the trainer admins. For more information about this process please ask training@transitionnetwork.org

Hub - Approving a group

As a hub user you are responsible for approving and reviewing the group records in your hub area. Hubs can have as many users as are needed. If you would like to add an additional hub user please [open a ticket](#)

When a new group is submitted in your area you will receive an email notification alerting you to the pending group. You need to log in, review the group and either [approve or reject it](#).

You will receive reminder emails every six days until the group is either approved or rejected.

When a group is approved they will receive an email welcoming them to the movement and signposting to some support resources. If you would like to customise this email then please add your text to this [welcome email document](#)

If you have trouble accessing that document then ensure that you are a member of the [Hubs group](#)

Hub - Reviewing healthchecks

Groups in your hub area may complete the online [Healthcheck](#). When they submit the scores this will be forwarded to you by email. You can also view reports of these scores in [the dashboard](#)

Dashboard

The screenshot shows a dashboard with a navigation bar at the top containing links for Account Details, Healthcheck Data (selected), Hub Admin, Group Admin, My Trainer Profiles, Filesharing, and Embed Maps. Below the navigation bar is a section titled "Mean Healthcheck Data: England & Wales". Under this section is a sub-section titled "1. How to start Transition: Developing an initiating group". This sub-section contains a list of seven statements, each with a corresponding score in a colored box:

Statement	Score
1. We have a working initiating/core group of between 4 and 15 people	Agree [4]
2. Our group has a shared understanding of what Transition is and why it's needed	Agree [4]
3. Our group has registered on TN website or national hub	Strongly Agree [5]
4. We have made contact with nearby initiatives	Agree [4]
5. We've thought about the area we're covering and is as close to the ideal range as is workable	Agree [4]
6. We are aware of the opportunities and challenges of doing Transition in our community	Agree [4]
7. At least one person in our group has more in depth knowledge of Transition through attending training or reading books or web sites.	Agree [4]

Depending on the results you may identify particular areas where groups in your hub area need support.

Hub - Annual activity checker email & process

As you know keeping group records up to date is a challenge. We have developed an annual 'activity checker' function with funding from Transition Together.

We are in the process of enabling this on a per-hub basis so the global figures do not yet represent the full extent of the movement.

The process is:

- Every 365 days each primary contact in a group receives an email asking them to log into Transition groups.org and update their group profile.
- If groups do not log in and either update or delete their profile they are sent a reminder to do so every fifteen days
- The activity checker email function can be enabled on a per-hub basis on request
- We can translate/customise the email that is sent to get people to log in.

Activity checker is currently enabled on

London & South East

England & Wales*

Scotland

Austria

Australia

Paris

No-hub areas

Réseau Transition Suisse romande

Croatia

Japan

Belgium-Brussels-Wallonie

Mexico

Portugal

We are seeking agreement to turn it on for the other hubs.

If you would like to turn on the activity checker for your hub;

- 1) Join the Hubs Group space if you haven't already (this grants you access to the document below)
- 2) Check the translated text of the email add your preferred text if required.
- 3) Submit a message using this form requesting the feature is turned on

English version of the email

Please update #post_name#

Hello #post_name#

We are emailing you because you are listed as an official contact for a Transition group. We want to make sure that your group's information is up-to-date, and we have the correct contact details for you.

For years, transitiongroups.org has been the place to go to find Transition groups and get involved - This information is vital to ensure we can contact you about training and other opportunities, and to understand our movement and how to best support groups.

This process should take you less than five minutes.

If your Transition group is still active, or you would like to delete the record to stop these reminder emails:

- Please click the link below:
#login_link#
- Update your information
- Please save the record, using the button at the bottom of the screen, even if the data is all correct. This is how we know you are still active.

If you do not click 'save' we do not know that your group still exists and we'll continue to send these reminder emails until the button is pressed, or you delete your group.

If you have any questions - reply to this email..

Thanks!

Sam Rossiter and the Transition Network team

**Due to the historical context of Transition Network having held some hub functions in the UK there is an anomaly of 'England and Wales' being represented on the map as a hub, when in fact it is not yet a formal hub. We have done our best to represent this as an anomaly. We hope and anticipate that a hub will emerge in England and Wales soon.*

Hub - Email contactability of groups

The Transitiongroups.org has several email functions. For example

- Contact forms for each group
- The [activity checker](#)

It logs the success or failure of emails sent from the site in a [email deliverability report](#)

Please keep an eye on this report to ensure that groups in your hub area are contactable. If they are not then you may consider deleting them or reaching out to them on other channels to update the email.

If you find an email is failing, but you have another alternate contact email then you can add that to the group.

Vision Group for Sidmouth

Last Updated: 0 days ago

The Vision Group for Sidmouth has been an active part of Sid Valley life for almost two decades. Set up in 2005 it is now a determinedly independent and non-political group. We work both alone and with local people, organisations and Councils, taking up initiatives to improve or protect Sidmouth and the valley; promoting heritage, the local economy, and sustainability. We also try to see all sides of an issue in order to stimulate informed debate on the future development of our area; you can follow us on Facebook and Twitter. <https://visionforsidmouth.org/>

The VGS took on the Sustainable Sidmouth brand when it became a Transition Town in 2008 – as part of the Transition Town movement. The 'Sustainable Sidmouth' rubric has become more important over the years as the notion of 'sustainability' has gained around

Group Editors

Please add as many group editors as possible.

Having multiple editors will ensure we don't lose contact with your group

Editor email addresses **are not displayed publicly**

Add editor

When logged in as a hub on each group page you will see the 'group editor' box to the right. Here you can add alternate email contacts you have for a group.

When you do this the person is invited to create an account.

Hub - Embedding maps on your sites

Dashboard

[Account Details](#) [Hub Admin](#) [Group Admin](#) [My Trainer Profiles](#) [Filesharing](#) [Embed Maps](#)

Global Map

Show **All** Hub **All** Country **All** Only show hubs that offer training

To embed this map, please copy and paste the HTML below:

```
<iframe src="https://transitiongroups.org/map/" width="100%" height="550px" frameborder="0" style="display: block;" all
```

[Preview Map](#)

Group map for **England & Wales**

On this page <https://transitiongroups.org/account#nav-maps/>

You will find the code to embed the map for your hub.

It is possible to embed a translated version of the map by adding a two letter language code to the link you embed by adding the two letter language code.

The example code provided to embed a map for the Japanese hub is

```
<iframe src="https://transitiongroups.org/map/?hub_name=japan" width="100%" height="5!
```

You can find the two letter language code by changing the site to your preferred language using the drop down and then looking at the URL. So if I change the language to Japanese, I see the URL changes to

```
“ https://transitiongroups.org/ja/
```

So I just need to edit the provided embed code to be

```
“ <iframe src="https://transitiongroups.org/ja/map/?hub_name=japan"
width="100%" height="550px" frameBorder="0" style="display: block;"
allow="geolocation 'src'"></iframe>
```

An example of the embed is here: <https://reseautransition.ch/nos-prestations/carte-initiatives/>
