Other resources

Transition Together offers training and support to help you put your vision into action, as well as stories of what other communities are doing to change their world.

Visit our website for more information: https://transitiontogether.org.uk/

You can also connect with others working for community-led change on our Vive platform, a free, easy-to-use, ethical online space to share ideas, questions and collaborate. Get started here: bit.ly/joinvive

You might find these particularly useful as you think about how to build on your visioning exercise:
