

# Space hosts

## Permissions:

Space hosts can configure many of the permissions for their spaces.

They can access these by accessing [https://hub.transition-space.org/s/\\*\\*YOUR-SPACE-NAME/space/manage/security/permissions](https://hub.transition-space.org/s/**YOUR-SPACE-NAME/space/manage/security/permissions)

You access this by clicking on the grey settings wheel in your space and clicking on 'security'

You will then see the settings that can be changed

## Security settings

General

Permissions

Permissions are assigned to different user-roles. To edit a permission, select the user-role you want to edit and change the drop-down value of the given permission.

All

Owner

Administrators

Moderators

Members

Users

Guests

### View analytics

ANALYTICS

Default - Allow

### Moderate surveys' answers

SURVEY

Allow user to edit and delete surveys's answers (but not surveys)

Default - Deny

You can change any of these settings to your preference. If you would like advice about the implications of these settings then please ask in the [space-hosts Mattermost channel](#)

## Notifications

By default, users will have any posts in spaces they are members of added to their daily digest email.

If you want to do a specific notification (a separate email from the daily digest) then you could 'notify all' in the post. This will create a separate email just for that post. It will also create a push notification/popup to users that have enabled that in their browser or mobile device.

## Archive

Space hosts are able to 'Archive' spaces
